Marshall Lane Families,

This letter is to notify you that we will be doing a construction project at Marshall Lane Elementary School this summer. The project will begin as soon as school is out and must be finished before school opens again in the fall.

During construction, we will be demolishing much of the site concrete, re-grading the site, and re-installing concrete paving and landscaping.

The goals of this project are to:

1. Replace aging underground utilities, like electrical and plumbing.
2. Re-grade the site to make it wheel chair accessible.
3. Remove overhead power line on the east side of the site.
4. Create safe area for students to wait for pickup
5. Improve the appearance and function of the site.

The contractor will be doing his/her best to mitigate disruptions to the neighborhood, but it is not possible to eliminate them entirely.

If you have any problems associated with the construction, please call me, and I will do whatever I can to resolve them.

Thanks for your patience and understanding,

Doug Williams
Construction Manager
