

## PROJECT CORNERSTONE CORNER

**Who:** Our entire community of students, parents, and teachers will benefit from this program!

**What:** We are excited to announce the introduction of the ABC (Asset Building Champion) Project Cornerstone program at our school. This parent volunteer reading program aims to build the developmental assets - positive relationships, opportunities, values, and skills - that provide a foundation for a healthy, successful future for ALL our youth.

**When and Where:** Each month a new book will be read by a parent volunteer to your student's class. A lesson focusing on the above mentioned important building blocks of healthy youth development will be introduced. Each book and ways in which you can incorporate the lesson at home will be described in this newsletter.

**Why:** The more assets youth have, the more likely they are to succeed socially and academically. To learn more about the developmental assets and Project Cornerstone, check out [www.projectcornerstone.org](http://www.projectcornerstone.org).

**How:** We need an army of caring adults to make this program successful. Please contact our school's ABC leaders for more information about how you can be one of these caring adults.
