October 4, 2018

Dear Parent,

This year the Campbell Union School District is using a new standards-based grade system linked to PowerSchool called PowerTeacher Pro.

What does this mean for you and your child:

- Your student is still being assessed and monitored via a standard-based rubric.
- Your student's teacher will be using an online grade book for Language Arts, Mathematics, and Science.
- You can now access your student's progress towards mastering the essential standards and attendance online through the PowerSchool Parent Portal. If you would like to access your student's information online, please ask your site's school administrative assistant for your parent portal letter.
- The assignments/data points that show up in the Parent Portal will only be a portion of the data that your teacher is collecting on your child's progress.
- **At the end of each trimester, you will receive a full report of your child's progress towards mastering their grade level standards.**

Trimester Date Range	Date: Report Cards are Sent Home
Trimester 1: 8/22/18-11/16/18	11/29/18
Trimester 2: 11/26/18 – 3/8/19	3/14/19
Trimester 3: 3/11/19-6/12/19	6/12/19

Please note that this computerized program is new for your child's teacher, and the amount of interim digital assessment/assignment data may be limited as the teachers work towards mastering the system. This means that teachers may still be tracking your child's progress in different ways that may not show up on the digital system (i.e. class portfolios, in-class work samples, observational notes, etc.). As always, you can contact your child's teacher(s) via email or phone if you would like more information about your child's academic, behavioral, and social progress.

It is our hope that this new Parental Portal system will help in increasing our school to home communication.

Thank you!
